Results To Advertisers

The News covers the Richmond field now completely. Its constituency is the class who do the buying. We claim to be able to prove to advertisers that the News can produce real results for them, and invite investigation to this effect.

Richmond News

To The Readers

The News caters to its readers and not to advertisers, politicians or anybody else. We bank on the theory that as long as we have a majority of the plain every-day people on our side all other matters in our line of business will take care of itself.

Volume 11. RICHMOND, CALIFORNIA, SUNDAY MORNING, JUNE 22, 1919. No. 173.

Mexican Watchful Waiting Over

HUN SHIPS SENT TO BOTTOM ---PEACE TREATY NOT SIGNED

U. S. READY FOR REPRISALS

JUAREZ, Mexico, June 21.—Americans were warned to leave the Mormon district of Western Chihuahua "when the crisis arrives" by General Manuel Dieguez, commander of the northeastern military zone, according to a telegram received last night by American Consul Dow from American Consul Stewart at Chihuahua City.

The message stated that General Dieguez considered the withdrawal of the Americans from the Casas Grandes-Mormon district advisable until such time that he could send troops into that district to protect Americans. The warning was referred to the American State Department.

EL PASO, Texas, June 21.—Villa has given instructions to his men to attack none of the small federal garrisons occupying towns and settlements along the Mexican side of the border, according to information received here today from the field in Mexico.

WASHINGTON, June 21.—Recent developments along the southern border and with Mexico itself, it was learned officially today, has brought a radical change in the attitude of this Government toward Mexico. It can be stated on positive authority that "watchful waiting" has been discarded for "watchful preparedness."

The War Department has perfected plans to throw a punitive expedition of adequate strength across the Rio Grande the moment official word is received of reprisals on the part of Villa for the Juarez incident, or in case of other contingencies tending to bring the Mexican situation again to a stage approaching the crisis of last Sunday. Orders for the advance of this column, however, it was said, would be accompanied by instructions for the military occupation of territory necessary to insure the safety of the expedition and absolute protection of the border through the creation of a neutral zone south of the line.

INTERNED GERMAN VESSELS SCUTTLED

LONDON, June 21.—Announcement that certain of the interned German warships at Scapa Flow were sunk and abandoned by their crews was made by the British admiralty this afternoon.

The German crews have been detained in safe custody.

The German ships sunk, the number of which is not yet known at the admiralty, had not been manned since their internment. It is believed they were sunk by opening the sea cocks.

An Exchange Telegraph Company's report said that, according to farmers in the vicinity, the German flag was hoisted on the German ships as the crews prepared to sink them.

HUNS FAIL TO FORM ANOTHER CABINET

BERLIN, June 21.—After futile all day conferences with party factions the government late tonight declared itself unable to pick a new cabinet and decided to postpone the effort for forty-eight hours.

Miss Ruth Sanborne has returned from a short visit at Mount Hermon.

EASTERN RADICAL HEADQUARTERS RAIDED

NEW YORK, June 21.—Headquarters of three radical organizations in this city were raided this afternoon by a joint force of state troops and agents of the Lusk legislative committee, which is investigating Bolshevik propaganda. A large quantity of books and papers was seized. The raids were conducted almost simultaneously upon the Rand School and the headquarters of the Industrial Workers of the World, both on the lower East Side, and upon the office of a communist newspaper on the lower West Side.

PRESIDENT DENIED PROHIBITION REPEAL

WASHINGTON, June 21.—A proposed amendment to the pending prohibition enforcement bill giving the President authority to repeal the war time prohibition act, insofar as it affects the sale of light wines and beer, was defeated today by the House Judiciary Committee, 12 to 5.

A social evening by the members of the Library Yeomen was given at the Moose hall Friday night, enjoyed a good crowd, and was ended by a delightful round of dancing.

Old Age Is Coming!

Are You Ready?

Have you ever been far-sighted enough to lay up something to keep you when old age comes—when the days of your earning capacity have gone? If not—don't delay any longer. Start saving TODAY, and save—save—save every penny you possibly can NOW while health and strength to earn are yours. Start with only a dollar if you desire, but START. "TEX" BROWN TO MARRY TEXAS GIRL

The engagement of Sherman Brown, better known as "Tex", popular burner at the Bay Point shipyard, to Miss Frances Jones, who recently arrived from San Saba, Texas, was announced by the young couple last night. The wedding will take place during July and the couple will go on a honeymoon to Camp Curry.

The engagement is the successful culmination of a courtship which began several years ago when the young people were attending the San Saba school. Miss Jones is visiting friends in Oakland and a meeting followed recently. The young couple will reside at El Cerrito after August 1.

Sausalito Phythians At Local Meeting

Richmond Lodge No. 86, Pythian Sisters initiated two new members at their convention on Thursday evening and referred one new application to investigating committee. Refreshments were served. Plans for increasing the membership and enlarging the degree team will be considered at their next meeting on July 2nd.

Richmond Lodge No. 13, Knights of Pythias, raised four Esquires to the rank of Knight in Long Form on Friday evening and referred one applicant to committee. The work was witnessed by a delegation from Muir Lodge, No. 186, of Sausalito, led by L. E. Stinson, D. G. C., who told of their plans for sending their best membership getters to next Grand Lodge session at Yosemite in May, 1920. Charles Leonard Sears, who has been a Pythian for 49 years and who knows the ritual from cover to cover, assisted in the work. Smokes were provided. Twenty-four visitors were present. A return visit is planned for August 19th across the bay.

Contra Costa Temple, No. 113, conferred the initiatory degrees Friday night on a class of eight. Richmond sent a bunch of tyroes to Oakland the same evening for initiation in Al Borak Temple, No. 201, Kramatic Order Knights of Khorassen, the playground of Pythianhood.

EDWARD DE VALERA REPORTED IN U. S.

NEW YORK, June 21.—Announcement was made here today that Prof. Edward de Valera, president of the Irish Sinn Fein republic, had landed in America and would be in New York City Sunday.

"De Valera left the British Isles sixteen days ago, according to Harry J. Boland, his secretary, and is now in seclusion in this country. His trip to America was made in the hope of obtaining official recognition of the Irish republic by the United States.

Boland said De Valera would come out of retirement Monday afternoon and tell how he succeeded in escaping from the British Isles without passports to this country.

RICHMOND BOY ACCIDENT VICTIM

Lieutenant O. E. Grazier Met Horrible Death When Airplane Caught Fire In Clouds At Del Rio, Texas—Lieut. Baer of Detroit illed At Same Time With Grazier.

Lieutenant O. E. Grazier, former Richmond boy, was killed late yesterday afternoon when an airplane in which he and Lieutenant William Baer of Detroit were flying fell at Del Rio, Texas. Lieutenant Grazier lived at 1914 Roosevelt avenue while making his home in Richmond, but some time ago he went to San Diego to make his home.

At the time Lieuaenant Grazier and Lieutenant Baer met their deaths two other 'planes of the squadron flying from Ellington Field, Houston, Texas, to the Texas border were wrecked. The death of the two aviators occurred when they were starting a flight to El Paso.

Spectators said the machine apparently caught fire in the air and the observer fell or jumped out, receiving injuries from which he died shortly afterward. The pilot, who was strapped in the machine, was burned beyond recognition.

The second accident occurred when another plane, attempting to rise, overturned. A third plane, the message said, was wrecked while making a landing.

OHIO GOVERNOR PERMITS FIGHT

COLUMBUS, Ohio, June 21.—With reference to the situation affecting the Willard-Dempsey contest, Governor Cox today made the following statement:

"The propaganda begun a short time ago under political auspices is based upon such a deliberate attempt to deceive the public that it would seem proper for me to give the facts. Under the laws of this State, and their interpretation by the courts, boxing contests are legalized under direction of local municipal authorities. Several attempts within the past few weeks were made in the Ohio Legislature to change the existing statute on the subject, but without result. Failing in this, one branch of the Legislature passed a resolution requesting me to interfere with the contest. In other words, after the Assembly itself failed to give me legal authority one branch of it urged me to proceed without right. Dictatorship has not even prospered in Russia, and the executive policy of Ohio will be within the laws of the commonwealth so long as I am Governor.

"Boxing contests are conducted in at least a dozen of our largest cities. During the winter they were held within a square of the legislative halls of Columbus and were attended in goodly numbers of members of the Legislature. If the law is changed, giving me the right to interfere, it will be exercised, but I shall not meet hypocrisy with ursurpation of power."

Mrs. M. Figueiredo, of 831 Eighth street, has as her guests her two nieces, Mamie and Minnie Ventura from Salinas. They will spend about two weeks here.

FOLKS WE ALL KNOW

By his Motto, ye shall know the Scissors-Bill. Here it is: "What was Good Enough for my father is Good Enough for me." He thinks that is a Good Reason for blocking all Progressive Moves, but what the Boosters think of him wouldn't look At All Well in Print

TRY MURDERER OF RICHMOND MAN

Police Sergt. L. E. Jones returned yesterday from Merced, where he spent four days testifying in the murder trial of A. Moketti, charged with killing Nino Monetti, alias Nino Riso, a Richmond man, the crime having been committed at Merced on Easter Sunday. The case went to the jury yesterday morning.

Sergt. Jones was called by the defense to testify to the character borne here by Pisa, who has been under arrest on a number of occasions. He was arrested in 1915 here on a charge of carrying concealed weapons, and again in 1916 on a charge of battery following a fight with his wife in which he cut her with a butcher knife.

For that offense he served six months in the county jail. He later turned up at Merced where he became a bully among the Italians living there. He provoked a fight with Moketti and was killed by the latter, who fired five shots into his body with a revolver. The defense claimed Moketti fired in self defense.

Public Speaking Class Has Talent

The names on the list of those who have signified their intention of taking the public speaking course under the direction of the University of California Extension Division, looks like a merger of the merchants' association and chamber of commerce. It is bound to bring about good fellowship and will undoubtedly develop talent which has hitherto been unsuspected. If your name on the roster? It will be interesting to attend a council meeting or future banquets when these Demosthenes get into training.

Al. Schneider's New Location

Al. Schneider, the popular tailor now located at 420 Macdonald avenue, has outgrown his present quarters, and has leased the store at 518 Macdonald avenue. The place will be remodelled and the most modern show windows installed. He hopes to get into his new place about July first. He will offer special inducements during his removal sale. Five to Ten Dollars off on every suit and beside his always "guaranteed fit," you will have a choice of a fine assortment.

GRANT SCHOOL WAS SCENE OF GRADUATION PROGRAM

Twenty-Six Graduated Last Night From Grammar School At Close Of Term For Summer Vacation

Twenty-six members of the graduating class of the Grant school received their diplomas at the school last evening when the commencement exercises were held. The boys and girls were highly congratulated by the large party of relatives and friends in attendance and the program presented was greatly enjoyed.

The following received their diplomas: Gladys N. Banner, Frank R. Bennett, William H. Brink, Pearl E. Center, Alden O. Clark, Ava R. Crigler, Radcliff E. Defoe, John C. Drake, Gladys Dreyspring, Carletta Engleman, Fred S. Forwich, John Frankie, Thyra R. Gingrich, Marie E. Gorman, Pauline M. Hall, LeRoy F. Kalin, Donald E. Kister, Rovillia Lang, Thelma McCanley, Maud Odom, George C. Olson, Albert A. Rowe, Emerson L. Spencer, Aaron H. Turpen, Hazel L. Vickery, Martha E. Wood.

The program was presented as follows:

1—(a) "The Shepherd Boy" (b) "Slumber Sweetly"—The Eighth Grade Girls.
2—Invocation—Rev. Thos. A. Boyer.
3—"Spring Dance"—Edna Frankie.
4—"Mother Goose's Garden"—Primary Pupils.

5—"Dance of the Honey Bees"—Ruth McNally.
6—"Over the Sea"—Eighth Grade Girls.
7—Presentation of Diplomas.
8—(a) "O Mighty Land" (b) "Good Night"—Graduating Class.

Miss Agatha Wood, accompanist.

MAIN OFFICE BEATEN BY LOCALS 5 TO 2

One of the season's biggest crowds was present at the baseball game played on the First street park yesterday afternoon between the crack Main Office team of the Standard Oil from San Francisco and the All Stars from the local Standard Oil plant and cheering crowds helped the local boys put over a great victory, winning 5 to 2.

Nearly all the local Standard Oil employees were packed into the ball park, the fair White Oil girls included, and with good backing the locals had to win. The Main Office team waws not without grand-stand supporters, as a good crowd came over from the city to witness their idols go down to defeat.

O'Connor went into the box for the locals and Danzig for the visitors and the playing was inspirational from the start. Ingraham, of the visitors, knodked the pill for a homer in the second canto with no one on. The locals tied the score in the fourth but O'Connor weakened and retired in the fifth.

The picnic began and ended in the last of the sixth, when the Richmond boys sent four (4) runs over the pan, which ended the scoring until the last half of the eighth, when the home team annexed one more run, making the score 5 to 2 in favor of Richmond. The batteries were for the visitors, Danzig and Wilkinson, and for the locals, O'Connor, Gordon and Cleek.

NO INCRERSED FARE TO SAN FRANCISCO

The United States railroad administration handed down a decision yesterday to the effect that Richmond people will not be forced to pay the increased rate of seventeen cents added to twenty-eight cents over the present railroad fare to San Francisco, which increase had previously been granted by the state railroad commission.

The increased rate was to have taken effect in the near future despite the protest of local organs, but the railroad administration ruled that the city was within the range of suburban travel to San Francisco and the commission was satisfied that fares must not be increased for that reason, which is all very gratifying to local people.

Mrs. A. H. Poage will soon be able to be brought to her home from the Roosevelt hospital in Berkeley. She suffered the breaking of her right arm above the elbow in a street car at Berkeley several days ago.

SUNDAY MORNING CHATS

Having a bigger congregation than most ministers have, I ought to and do try to do a bit of good for humanity by teaching and preaching the things that are worth while. I want the News readers to help me do good, and they can, very easily. Reformation must always begin at home, and while the whole world needs reforming right now, from war and selfishness and human greed and cruelty, and class hatred, all that must be remedied, not as a whole but in the heart and mind of each individual. No river can rise any higher than its source, and no nation can be any greater than the individuals are who go to make up the nation. You and I cannot purge the nation of the things that are wrong unless we first root up such evils out of our own individuality. I want you to think that over, and make up your mind to act upon it. If you make yourself just a little better, in Christian spirit, for instance, you have then and there made the whole world just that much better, and if we all do that, just think what a wonderful betterment it would be in the aggregate.

* * *

I want the News readers to consider themselves as one big family, and this editor as one of the members. I want to help and encourage all the other members of the family and I want them to help and encourage me. By this I mean that I want to be of service to any and every one of them, in any possible way I can, and I assure you that it will be a genuine pleasure to me to do so. Perhaps some of you think that sounds Quixotic, and in view of modern ethics and human selfishness may be it is, but it goes, just the same, and goes double. Any saloon keeper that I have fought consistently and hard for years can come right in here and get help from me in starting all over again on the right road. Anyone in sorrow or trouble or up against it in any manner need have no hesitancy in dropping right in this think foundry and lying the cards down face up on the desk, and maybe what appears hard to him would not be hard for me at all. You never can tell.

* * *

Service is about the finest thing there is. It makes friends and keeps them, makes money, reputation, builds cities and nations. It is always above par and few recognize that fact. Christ taught the doctrine of service. If you render service you will make and keep friends, and that of itself is beyond price. I honestly do try to be of service to my friends, of which, thank God, I have many, not for price, but without it, for real friendship is way over and beyond any price set by gold or pelf or power. I am just now getting another poor unfortunate out of the penitentiary two years ahead of time, which will make the fourth, and they have all turned out well, to the best of my knowledge and belief. Service is its own reward. I recommend it to everybody as well worth trying out. Some say I am always getting worked for a sucker, but they may call it what they wish—I notice that while I have dumped many bushels of fair to middlin' bread upon the more or less muddy waters of various streams I have always found a bun or two washing back on the tide whenever I was hungry, and that is likewise true with everybody else.

* * *

Honor, honesty, optimism, sunshine and good cheer are things we all want to get hold of and keep close to, and help others get them also. You don't need to wear out the knees of your trouserloons in prayer to live up to the Fatherhood of God and Brotherhood of Man, and you don't have to be wrapped up like a mummy in carpet rags to get by old St. Peter at the gate—Peter has more sense than that. Live, love and smile, for tomorrow you—er—diet, and just let it soak into your soul that friendship is without price, and nothing gets and holds it like service.

THE BALLOT AND POLITENESS

One writer who is against woman suffrage says: "We are of the opinion that when women get equal suffrage it will cause the men to lose that chivalry which makes them stand up in the street car, as women will then be looked upon in the same category that one man sees another."

It is not that way in Colorado and California. If a man ever refuses to show deference to a woman because she votes it will show how thin a veneer his politeness is. That kind of a man ought to begin practicing now by refusing to surrender his street car seat to a woman because she pays taxes. She is in as much danger of getting the bloom of her modesty brushed off at the tax collector's window as at the ballot box.

THINKOGRAPHS

The weather is a great blessing to many—gives them something to talk about.

It is getting so a fellow can't even throw one of his wife's rocky biscuits at her but what she starts for the divorce court and asks for thousands in alimony.

Notwithstanding they go around with half bared breasts and low slippers in cold weather, women live longer than men, chiefly because they absorb less booze and nicotine poisons.

After reading the crop prospects for the coast states, which experts for the government declare will be bumper ones, the extreme westerner who can find time to grouch over future conditions must be a pessimist to the manor born.

A 14-year-old Oakland girl got married, but didn't like it and so quit. "The mellow plum falls to the earth; the green sticks fast, or being early plucked is sour to taste." This is Shakespeare. It is also true.

The best way to increase attendance at Sunday schools would be to provide liberal supplies of cookies and doughnuts. That is true with gatherings of grownups and would be doubly so with the children.

Cultivate the acquaintance and association of little children, and it will do you good. They are innocent, and the more you associate with innocence the less time you will have to associate with people and things which are not innocent.

The woman mayor of an Oregon town has had her husband arrested, whereupon the local paper remarks: "Sic transit gloria mundi." We don't know what all that means, but if it means that women mayors should have their husbands arrested, then we are against women being mayors.

Of course, most of the senuous sweetness that now burdens the salt-laden breezes of the bay is from the odors of honeysuckle, hyacinths, poppies, violets and roses, but not all. There is a husky crop of several hundred carloads of onions around here beginning to get busy with the breath of the average citizen, which helps some.

They say that gasoline may drop to 5 cents a gallon, but, even so, very few people can drink gasoline.

The best thing on this earth that can happen to a woman is to get married. P. S.—Same thing for a man.

You may talk all you want about benevolent economics, but the fact remains that the labor that brings the sweat is the energy that creates the wealth.

Henry Cutting still wants all of the bay cities to consolidate. We've half a notion to go over there and make him s'loot the Richmond flag.

From reading a recent medical magazine we gather that the chief trouble the medical profession encounters in its efforts to eliminate diseases caused by the presence and activities of bacilli, is to so temper the serum that it will kill the bugs without also annexing the patient's goat.

NOTICE OF RECEIPT OF ASSESSMENT ROLL AND MEETING OF BOARD OF EQUALIZATION.

NOTICE IS HEREBY GIVEN that the assessment book of the City of Richmond for the present fiscal year, will be in the hands of the Clerk of the City of Richmond and ex-officio Clerk of the Board of Equalization of the City of Richmond, on and after Monday, the 7th day of July, 1919, and will be open to inspection by all persons interested until the final adjournment of the Board of Equalization.

THAT the Council of the City of Richmond, sitting as a board of equalization, will meet to equalize assessments at the Council Chamber of the Council of the City of Richmond, at the City Hall, No. 2555 Nevin Avenue, in the City of Richmond on Monday, the 7th day of July, 1919, and will continue in session thereafter from time to time until the business of equalization is disposed of, but not later than Monday, the 21st day of July, 1919.

THAT any person desiring a reduction in value of any property assessed to him shall make and file with the Board of Equalization a written application therefor, duly verified by the oath of such person or his agent, stating the facts upon which it is claimed that such reduction should be made.

THAT all such applications must be filed in the office of the undersigned clerk, on or before ten (10) o'clock A. M. on the 14th day of July, 1919.

THAT all applications for reductions will be heard by the Board of Equalization in the order of their filing, commencing at ten (10) o'clock A. M. on Wednesday, the 16th day of July, 1919. Dated this 19th day of June, 1919.

A. C. PARIS,
Clerk of the City of Richmond and ex-officio Clerk of the Board of Equalization. (SEAL)
June 21-28

ALIENS LEAVING UNITED STATES

Exodus of Large Proportions Reported by Labor Department Officials.

EXPECT HEGIRA TO SPREAD

Unemployment and Family Interests Said to Be Factors—News of Labor Interest Gathered From All the World.

A widespread exodus of aliens from this country is reported by the department of labor. Inquiries by the department's investigation and inspection service have revealed that already large numbers of foreign-born residents are leaving the country, and that even more expect to depart when steamship accommodations and passports can be obtained.

Unemployment and family interests are factors in stimulating the eastward movement.

GENERAL LABOR NOTES

Practically all the big pottery factories in Australia have banded together and formed one big firm.

Norway's Postal association, which includes postmen and sorters, is to join the trade union movement in that country.

Painters at Moline, Ill., have secured a union-shop agreement and a new minimum that advances wages to 75 cents an hour.

King Alfonso discussed labor questions with several workers at a distribution of prizes to members of the Railway Men's association at Madrid.

As a result of the increased wages granted to telephone operators and electricians, the users of telephones in New England will be compelled to pay higher rates.

Female school teachers in the United States are fast organizing unions to demand more pay and recognition in the conduct of schools by representation on local boards.

More than ten thousand automobile workers at Toledo, Ohio, who have suspended work until they are granted a 48-hour week are drawing weekly allowances from their union.

Among the million recipients of unemployment donations from the British government were 850,000 members of the forces, 180,000 former munition workers and 100,000 cotton operatives.

Textile mills at Lodz, Poland, are reported by the British economic commission to be comparatively undamaged and capable of production almost immediately if supplies of cotton were obtainable.

The strike and lockout of 3,000 Chicago milk wagon drivers was settled, demands for an increase in wages from $26 a week to $35 being granted. The price of milk to the consumer will be raised from 13 cents a quart to 14 cents.

Approval was given by the minimum wage board to the recommendation of the printing, publishing and allied trades' conference that $15.50 be established as the minimum weekly wage of women employees in those industries.

Members of 16 different labor unions, 5,000 men, went on strike at St. Paul in sympathy with common laborers, who are on strike demanding 50 cents an hour, a raise of 10 cents an hour, with a nine-hour day and recognition of their union.

Men employed in "pivotal industries" and mines are the first to be discharged from the British army, and workers in other trades will be released according to national needs. Married men will receive preference. For 12 months the civil service will be reserved to officers and soldiers.

Recognition of the continued high cost of living has been made by Swift & Co. by the granting to all office and plant steady-time employees of a bonus of 10 per cent of their salary for six months ended May 3. Employees in the service of the company at the time they enlisted for war service and who re-entered the company's employ during the period from November 4, 1918, to May 3, 1919, will also receive the bonus. Payment of the bonus will be made about June 2.

The five-day-a-week plan will be enforced at Seattle, Wash., where there will be no work done on Saturday or Sunday. The change was made with the idea of giving more men work in the building trades.

Fred A. Cranfield was re-elected president of the Iowa Federation of Labor. A resolution calling on President Wilson and other government officials to use their best efforts to secure new trials for Thomas J. Mooney and Warren K. Billings was unanimously adopted. The next convention will be held at Fort Dodge in 1920.

In order to prevent the accumulation of coal reserves the miners in Australia are prohibited from doing only a certain amount of work. This is being done so as to prevent the miners from losing any time, which would necessarily happen if the output was not restricted.

Labor unions in western Canada have voted to consolidate into a single organization to be known as "the One Big Union." It was announced at headquarters of the trades and labor council, Regina. A conference will be held in Calgary June 4 to consider the next steps toward amalgamation.

Private Charles Mallory is on a week-end visit from Mather field at the home of his parents, Mr. and Mrs. W. H. Mallory of 8 Chanslor avenue.

Prayer meeting Wednesday 8 p. m. Seats free. All will be made welcome.

Vaudeville Show Headed By Stars

A fine variety of acts will be shown at the Richmond Theatre in the big five-act show today. There will be a little bit of everything to suit the varied tastes of the audience.

Heading the bill are "The Three Singing Newsboys" in a comedy harmony act, and they sure can harmonize. Their youthful voices, soft and mellow, capture the audience instantly while their naive comedy is absolutely irresistible and keep the audience in a continuous ripple of laughter. Marshall and Engel, two pretty girls, have an appealing and interesting act with their singing, whistling and impersonations. It's a laugh getter sure, enough.

Fancher, a novelty cyclist, keeps the audience spellbound with his daring and startling evolutions on a cycle trained especially for this act. He talks to it. A chic and charming act is put on by Kimball and Roemer with their singing, dancing and piano. Their new songs are big hits. Laughs and thrills intermingle with rapid succession in the act of Earl and Idean, novelty athletes, who fling one another about, as well as their jests, with equal facility and ease. One would think they were made of India rubber from the way they bounce around. Gloria Swanson in "You Can't Believe Everything, a feature play, and Pathe News complete the program.

NOTICE OF SALE

Local Laconics of Richmondites

We printed the Independent last evening and the press stood up under the strain fine, the reason being that Fred Newsom omitted his editorial department. Our press will stand a good deal, but it has its limits.

Mr. and Mrs. George Calvert and the chief operator are the whole thing around the telephone office now, camping out there day and night.

The News now prints more than two thousand papers every day and three thousand on Sundays. Nearly the entire list of the S. F. Bulletin in Richmond now take the News. Mr. Boardman, circulation manager, reports that this week new subscribers were added to the News list at the rate of nearly fifty every day. If you do not take the News you are out of style.

One of the hardest stunts we have undertaken in a long time is getting hold of news items without the use of a telephone. It is almost impossible, and we hope the strike will soon be settled.

We sampled the candy of the telephone girls pickets yesterday and chatted with them a while. They are a jolly bunch of young birds and as happy as ever. Burleson ought to wire approval of the terms asked, which are modest enough, and we expect most likely that is what he will do as soon as he gets a cable from Wilson.

Egan is having sales on vacation goods for the women and kiddies. If he will come in here and edit this paper and give us a vacation, which we never get, we'll buy all the bloomin' shimmysettes and booties and things he has in the joggery.

Fifty dollars looks big. If there is any baker in town who thinks they can beat Ketelhut making bread they have a chance to get the coin. The only way they can win is to catch him when he is asleep and from the business he is doing, we doubt if he ever sleeps.

Nelson of the New California Market believes in institutional advertising. He is hustling to make the California Market a byword in town. Look for the specials in his window.

Have you accepted the invitation extended by Deatsch & Lancaster to visit their refrigerator, in the new market? We got a cold the other day when we went in. It's a dandy, and sanitary and up to the minute, and packed with the finest.

"Busy Beck" advertises that he wants to raise $5,000. At the prices quoted it certainly will not take him long. What he is going to do with it is a question. Look for some big improvement. He puts his money back into the business.

The concert which the Richmond Concert Orchestra has been planning to give has been indefinitely postponed, it was announced last night.

NOTICE

To customers of The Grand Canyon Milk Co.—Please see that all of our OWN bottles are returned to us every day. A. COSTA,
j21-4t Prop.

If you have ever bought a blue serge suit and got stung you will understand Adkinson & McRacken when they advertise "Caution" in its purchase. Blue serge suits that will positively not fade, absolutely all wool, and of style and value unapproachable is what they guarantee. An Adkinson-McRacken guarantee is worth much to the home buyer.

Mrs. W. A. Capelle of 324 Sixth street is entertaining her sister, Mrs. Stella Hanna, who arrived yesterday from Hattiesburg, Mississippi, for a visit of a few weeks.

The Royal Neighbors will hold a social evening Monday in the Pythian castle, refreshments to be served and a program delivered. The committee preparing plans for the occasion is composed of Mrs. Nettie Bonner, Mrs. Spires and Mrs. W. H. Mallory.

Due largely to the 'phone service discontinuance during the strike, the baseball team of the Richmond Elks will not play a game tomorrow. The local diamond will be vacant all day tomorrow and the baseball fans will have to hop a jitney and go to Oakland or San Francisco.

MARE ISLAND GETS $165,000 ON BILL

WASHINGTON, June 21.—In revision of the House Naval Appropriation bill the Senate Naval Committee today added $165,000 for the Mare Island navy yard, right of way to Vallejo railroad yards and two marine barracks.

One amendment authorizes acceptance from San Diego, Cal., of 235 acres of land for a naval training station and hospital site.

PARIS, June 21.—Dispatches received over the American military wire into Germany this afternoon stated that Herman Mueller, having failed to form a cabinet, Dr. Edward David, former president of the national assembly, had been asked to assume the task.

President Ebert had requested Mueller, who is Majority Socialist leader, to form the new German cabinet, according to advices received by the American peace delegation.

Mathias Erzberger probably will head the German peace delegation.

The German provincial press is strongly urging the speedy signing of the treaty.

Berlin advices to the American delegation summarizing the situation show the sentiment throughout Germany to be in favor of accepting the peace terms. The advices cover Leipzig, Dresden, Chemnitz and other representative regions.

Geographically analyzed, the advices indicate that all the southern German states are favorable to the acceptance of the treaty, while the Prussian regions are maintaining some opposition.

The Civic Center Club will entertain at a whist party at their club house on Tuesday afternoon, June 24, at 2 o'clock, many fine prizes to be awarded the winners.

The seven small Richmond boys who are charged with committing small burglaries will come before the juvenile court in Martine on June 26.

The annual dinner of the city council and heads of city departments was held at the Blake quarry on Friday evening, all the council members being present except Councilwoman Ogborn.

STEAMER WRECKED ON EASTERN COAST

NEW BEDFORD, Mass., June 21.—The steamer Northland of the Eastern Steamship lines, bound from New York to Boston with several hundred passengers and a large cargo of freight, ran aground on West Island, about 10 miles from the Buzzards bay entrance to the Cape Cod canal shortly after 5 a. m. today.

WANTED—A man to sell Bulletins on corner in Richmond. Salary guaranteed. Apply The News office, 250 6th street

Miss Marie Mason left yesterday for Seattle after a pleasant visit here with Miss Thelma Milnes.

E. P. Vaughan has been awarded a decree quieting title to property in Twenty-second street formerly owned by Eugene N. Cornell.

The ladies of St. Mark's church gave their pre-Lenton whist party and ball at the Woman's club-house last night. The occasion was a big society event and all of Richmond and his wife were there. The event was a tremendous success.

DECISION EXPECTED TO END PHONE STRIKE

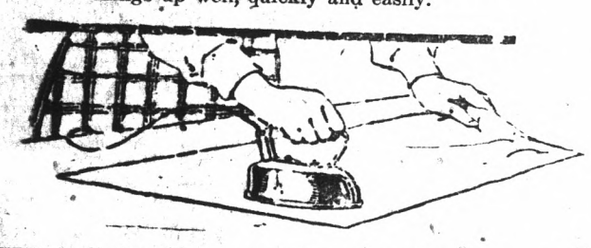

The telephone strike is expected to near its conclusion tomorrow when the officials of the telephone company will reply to the striking operators and linemen, it was stated yesterday. The strikers here are all in good spirits and reports from Antioch last night said a record crowd was in attendance at the ball being given for the benefit of the operators.

The Baptist Sunday School picnic at East Shore Park yesterday afternoon drew out nearly all the Sunday School children and their friends and a fine time was enjoyed. This is an annual event.

Mr. and Mrs. Jack Thornton and daughter Aurtherine and Mrs. Roy Lemoin left yesterday by auto for San Diego, where they will visit with Dr. Drew Thornton. On the way they will take in the famous "101-mile rim of the world" road.
